

THE NOMENCLATURE TYPE FOR VENTURIELLA SINENSIS
(VENT.) C. MUELL. VAR. ANGUSTI-ANNULATA GRIFF. &
SHARP

Dana Griffin, III
Department of Botany
& The Florida State Museum
University of Florida
Gainesville, Florida, U.S.A. 32611

I am indebted to Dr. Marshall Crosby for pointing out that in the publication by Griffin and Sharp (1971), wherein Venturiella sinensis (Vent.) C. Muell. var. angusti-annulata Griff. & Sharp is described as new, a nomenclature type was not designated. In order to rectify this omission and bring the original description into compliance with Article 37 of the Code, I declare the nomenclature type to be based upon Griffin C3 (holotypus-FLAS; isotypus-TENN).
